OKLAHOMA COURT SUSTAINS WALTON IN MILITARY RULE

Judge Hunt, in District Court Ruling, Holds That Military Power Is Supreme.

CALL MORE TROOPS

Oklahoma City, Okla., Sept. 21.—Evidence gathered by the Military Court, investigating the Ku Klux Klan here and made public by Governor J. C. Walton, was characterized today as "attempts at libel and character assassination," by M. C. Jewett, Grand Dragon of the Oklahoma Klan.

Jewett said: "The Governor is warring upon the Klan in a supreme effort, staking his political existence in a desperate effort to regain favor in the state. It will all come out in the wash. At present the Governor is in the limelight but whether he will hold it, is another question. Under the present martial law condition, the least said the better."

Tulsa, Okla., Sept. 20.—Military power is supreme in Oklahoma, Judge Hunt ruled today in district court, in dismissing petitions for habeas corpus filed in behalf of three men held by military officers here for participation in Tulsa county floggings.

Notice of exception to the ruling was filed by State Senator Hudson, counsel for the petitioners. The issue probably will go to the supreme court.

Adjutant General Markham, the state military commander under martial law, appeared in Judge Hunt's court in answer to a summons from a civil officer, but he was permitted to retain custody of the three confessed and sentenced floggers, Grover and Ben Sims and Earl Sack, on whose behalf the petitions were filed.

Fury Cross Blown Up

General Markham said today he had not been authorized by the governor to mobilize more troops for duty in Oklahoma City, when advised that it was reported such an order was issued to prevent convening of the state Legislature next Wednesday.

The fiery cross of the Ku Klux Klan on a hill northeast of Sapulpa was blown up by dynamite last night, word from that city said today. The concrete base on which it was erected was blown to atoms and a big hole torn in the ground. The cross is still standing, held by wires.

Oklahoma City, Okla., Sept. 21.—

"If there ever was a time since 1776 that blooded Americanism should assert itself, this is the time," Oklahoma's Patrick Henry declared today.

"Patrick Henry" is the name his fellow legislators have applied to W. D. McBees, obscure country lawyer, who has become the leader of the "revolution" against Governor J. C. Walton's drastic military rule in Oklahoma.

Here in the state capital, where the machine guns frown down upon the street and martial law prevails, 50 have defied Governor Walton by calling a special session of the legislature to impeach him.

"We have called the legislature together," McBees declared, "for an impartial investigation of charges of the existence of conditions in this state that are in direct opposition to the principle for which our forefathers fought. The legislature will try the issue as a court."

"We intend to be impartial, fair and honest. We shall be governed by the facts that the inquiry discloses. We shall be just as ready to exonerate as to condemn."

Oklahoma City, Okla., Sept. 21.—The Military Court, investigating operations of the Ku Klux Klan in Oklahoma County, speeded up examination of witnesses in hope of completing its work before the special session of the legislature called to impeach Governor J. C. Walton, meets next Wednesday.

The Governor hopes that by uncovering sufficient testimony, revealing the Klan and its members in lawless acts, that the public sentiment of the state will support his stand and oppose the impeachment action.

Billy Sunshine Seeks For His Moonshine's Return STATE TRYING HARD FOR FIRST DEGREE IN WARD MURDER CASE

The man who attempts to interfere with Sunshine making moonshine will find that it is not all sunshine in this matter of enforcing the prohibition law.

On July 12th, 1923, Constable Neely, of DuBois and State Trooper Barker, alleging evidence of sale, got a search warrant from Alderman Joe Bogden for the residence of one Joseph Sunshine. Armed with this warrant a descent was made on the Sunshine home and when the officers failed to find moonshine at Sunshine's they promptly crossed lots and included the home of William Sunshine in the warrant to search Joe Sunshine's house for moonshine.

Things were different at William Sunshine's for the officers there discovered that Sunshine had moonshine on the premises and they accordingly sequestered and removed from the premises every ounce of Sunshine's moonshine.

Both Sunshines were placed under arrest for moonshining and gave \$500 bail each for court. Yesterday Bogden, Forsyth & Bell presented a petition to the Court asking that the moonshine be restored to William Sunshine, along with the other things taken and that they be restored to their liberties and good standing in the community as both Joe and William had been wrongfully arrested and despoiled of their property.

Judge Bell appointed Monday, Sept. 23 for a hearing in the case.

Economy Program For Pennsylvania State Fair

Harrisburg, Sept. 21. (United Press.)—Educational features planned for the annual farm-products show of the State Department of Agriculture to be held January 22 to 25 in this city, have been definitely abandoned by Secretary Frank P. Willis.

The use of farm machinery was to have been demonstrated during the three days of the exhibit but at a recent meeting of the committee, it was decided to devote the 80,000 square feet of space secured this year to display of produce, including cattle, corn, tobacco, fruits and crops of all kinds.

Although the educational farm machinery exhibit has been given up, there will be the regular manufacturers' display of farm tools and machinery, it was announced.

The committee has secured 20,000 feet of additional floor space for the show this year.

SECRETARY PIERCE RESIGNED

C. A. Pierce, who has been Secretary of the local Y. M. C. A. the past year, tendered his resignation to the Board of Directors yesterday to take effect at the end of thirty days.

Mr. Pierce has been a competent and highly efficient Secretary and the Y. M. C. A. regrets that he will no longer be with them. He has made a host of friends in Clearfield during his short residence here and while he is as yet undecided as to his future movements it is hoped by his friends generally that he will finally decide to remain in Clearfield.

Mrs. E. A. Maikel and daughter

Madeline of Snow Shoe, are spending a day or two with local relatives.

Cattle Shows for China

Dried cattle sinews are eagerly sought among the poorer classes in South China, where many thousands are consumed annually. The demand for cattle ligaments has exceeded the domestic production, and Hongkong dealers and importers of this article are now looking to America for supplies. These are usually imported in bags containing 500 to 600 pounds. Cattle sinews are also used in China for the manufacture of glue.

many, obtained by the Military Court, the Governor declared: "If necessary I will aim every man in the state who is opposed to the Invisible Empire."

The testimony made public included declarations by Dr. A. A. Maupin, dentist and Klan member, who said that M. C. Jewett, Grand Dragon of the Oklahoma Klan admitted to him that he wielded the lash in a flogging. He quoted Jewett as saying: "I want you to understand I am the man who laid it on. I met that party and held the whip and put it on his back and made him confess."

White Plains, N. Y., Sept. 21.—The prosecution hammered today at the alibi of Walter S. Ward, millionaire baker's son, in their final offensive to send him to the electric chair for the murder of Clarence Peters.

The state is attempting to prove: 1. The pistol which Ward claimed belonged to Peters was really Ward's pistol, thus breaking into the defendant's plea of self defense.

2. The story of attempting blackmail, which Ward gave as the reason for shooting Peters is a pure fabrication.

If the state can clearly establish these two points to the satisfaction of the jury, the prosecuting attorney believes they can convict Ward, who is now on trial for the murder. A score or more of witnesses remain on the books for the prosecution. They are handling about ten a day. It is possible they may close their case the middle of next week and let Ward reveal his defense, which thus far has been skillfully concealed.

PLAN TO REMOVE MUSCLE SHOALS AS A POLITICAL PERIL

Scheme Evolved By Coolidge Leaders To Put Failure Of Negotiations Up To Ford and Placate Farmers.

By LAWRENCE MARTIN

(United Press Staff Correspondent)

Washington, Sept. 21.—Strategists of the Coolidge administration intend to remove the Ford offer for Muscle Shoals from the list of political dangers menacing success in 1924.

They have worked out a careful plan for doing this. It does not mean that Henry Ford will get Muscle Shoals. That is not necessary to the success of the plan.

All that is necessary is that the country—particularly the farmers of the west and the south—shall be convinced that the Republican administration was not responsible for Ford's failure to get his chance at producing cheap fertilizer there, if he doesn't get that chance.

There are two ways to remove the Muscle Shoals question from politics. These are:

1. To get congressional approval this winter of Ford's offer to take over the nitrate plants from the government, and thus give Muscle Shoals to Ford.

2. To put on Ford the responsibility for his failure to get the plants. Whichever plan is followed, the Coolidge strategists have determined that the Muscle Shoals question must be decided without further delay.

Ford Called to Capital.

The first step has already been taken. Ford was called to Washington recently and urged by Mr. Coolidge and Secretary of War Weeks to revise his offer and to eliminate from it the Gorgas power plant on the Warrior River, some miles from Muscle Shoals.

The Harding administration refused to include the Gorgas plant in considering Ford's bid. Ford said he must have the Gorgas plant. He said if he was denied a chance to get Muscle Shoals and make a success of it, thru refusal to let him have the power plant, he would not give up his effort to prove that he could produce cheap fertilizer for the farmers.

That sounded to Harding administration leaders like an appeal to the voters.

The whole plan of the political strategists hinges on the Gorgas plant. They are now trying to get Ford to back down and eliminate the Gorgas plant. If he will do that he probably can have Muscle Shoals, and in that event the plan above referred to will succeed under the first heading.

If Ford refuses, the country will be told it is his fault and not the government's, that he didn't get Muscle Shoals. It will be explained to the farmers that Ford doesn't need the Gorgas plant to produce fertilizer, as there are other power plants at Muscle Shoals and plenty of water power. It will further be explained that the government is bound by a contract, made under a Democratic administration, to sell the Gorgas plant to the Alabama Power Co. on whose land it was built.

Put Burden on Ford.

This explanation, the strategists hold, will put the burden on Ford for

STEALING A PICK IS NOT SUCH A CRIME IN JURY'S OPINION

Coalport Man Has One of His Fellow Miners Pinched For Larceny of One Pick.

COSTS ARE DIVIDED

Trifles appear to annoy some people. The time of Judge Langham's criminal court was taken up all day yesterday in hearing a case from Coalport. In this case, Frank Myers prosecuted Joe Darnick for the alleged stealing of a miner's pick. The pick had been better days and much usage yet the owner of the instrument thought his wounded feelings could only be restored to their natural condition by an application to Darnick of the strong arm of the law and its penalties.

The prosecution was represented by John M. Chase, 3d, while J. Mitchell (Chase) defended the alleged "pick hooker."

The attorney for the defense held that his client did not steal the pick, but even though he did, no man should be convicted of larceny for stealing a tool to work with. The defense refused such a statement and sought to win favor from the judge by reciting an alleged incident in the criminal records of Indiana county wherein a man was convicted and sentenced to jail for stealing another fellow's curry comb. He failed to score a point by this reference because Judge Langham said the records in that case show that the offense referred to had been committed in the late fall or "itch season" in the "buckwheat belt" of Indiana county and the curry comb was not regarded as a tool but a personal necessity in that section, hence the conviction.

The jury promptly returned a verdict of not guilty and divided the costs between prosecutor and defendant.

ANTHRACITE PRICE BOOST TO THE FRONT

Wilkes Barre, Pa., Sept. 21.—The looked for increase in the prices of domestic anthracite coal at the mines, because of the 10 per cent increase in wages under the new contract, went into effect today.

The new price lists of several large producing companies showed increases ranging from 60 to 90c per ton at the mines. The Susquehanna Coaleries Company increased the price of egg stone and chestnut 50c per ton, while the Lehigh Coal & Navigation Company increased prices 90c per ton on those sizes. The Delaware & Hudson Company's list showed an average increase of 70c per ton.

Some company officials expressed the opinion that retailers would not place the entire increase on the consumer.

Bulgar Revolution Is Knocked In The Head

London, Sept. 21.—The Bulgar revolution against Professor Danekoff's government has been broken, according to the Daily Chronicle Belgrade correspondent.

The Communists Agrarian movement, which threatened the new regime, has been destroyed and further efforts in that direction are considered remote. The Government is busily engaged in restoring order.

failure of the Muscle Shoals negotiations—if they do fail. Ford will be accused of playing politics by trying to get the government to do what it will be claimed, he knew was impossible—break the contract with the Alabama Power Co. In other words he will be charged with using Muscle Shoals, not to produce fertilizer, but to play politics.

It is not because the Republicans are worried particularly about Ford as a possible aspirant for the Republican presidential nomination that they plan thus. It is to prevent alienation of the farmer vote, which today holds the balance of power in American politics.

BILLY SUNDAY GETS A COOL RECEPTION AT NIAGARA FALLS, N. Y.

Niagara Falls, N. Y., Sept. 21.—Billy Sunday, noted evangelist, is ready to quit his campaign here for followers of the "sawdust trail." He said so last night from the pulpit of the new Sunday tabernacle, erected for his use.

Rev. Sunday opened here last Sunday what promised to be a six weeks' engagement. The attendance so far, Sunday declared, is the poorest he has experienced in 29 years of evangelistic work.

It is said that five ministers will quit their churches here if the Sunday campaign fails.

RUM PIRATES TAKE TWO MORE LIVES

Halifax, Sept. 21.—Rum pirates shot the captain and cook of the Nova Scotia schooner, John Scott Hanks and presumably made away with her cargo of liquor while the vessel was lying off Gloucester, awaiting word from her American consignees, it was reported here today.

Captain Eugene D. Fredericks, Captain and owner of the Tern schooner, Emmie Friedricks and commander of a German submarine during the world war, told of the event when he arrived here on his own rumrunning schooner, after a successful voyage.

MUSSOLINI WINS LEAGUE DISPUTE

Geneva, 21.—Mussolini's victory over the League of Nations was made complete today when the Assembly approved the action of the Council in voting to submit to a Commission of International Jurists the question of the League's competency in the Greco-Italian dispute.

It was understood that until the last minute Italy threatened to quit the League should any unfavorable discussions occur. Many delegates wanted to assert the League's competency, but were overruled.

As far as the League is concerned the whole question now becomes a closed incident.

Padded Pay Rolls Got Foreman Four Years

Pittsburgh, Pa., Sept. 21.—An amazing system of padding pay rolls whereby E. A. Miller, General Foreman of the West Penn Power Company, obtained \$63,000 during a period of eight years, was revealed in criminal court today when Miller was sentenced to serve three years and ten months in the penitentiary.

Miller spent the money on drink, gambling and women, it was testified, although his wife declared he was very careful to come home every evening at the usual time. Miller said he spent the money during the day when he was supposed to be at work.

Company officials explained Miller had charge of sixteen gangs, working in available parts of Western Pennsylvania, Maryland and West Virginia and got the money by padding on the pay roll a fictitious gang of seventeen men, retaining their pay checks when given to him for distribution and forging their endorsements.

Miller, it was revealed, was thorough in his system, even going to the extent of paying dues in the Company's beneficial association for the fictitious gang and in many cases subscription to stock in the company, were made to be paid out of the wages of the fictitious employees.

Poincare Blocks German Evacuation Of The Ruhr

Berlin, 21.—Premier Poincare of France is the stumbling block, which prevents acceptance of the latest German proposal for evacuation of the Ruhr, made through the Belgian minister Wednesday, according to the belief of persons who are kept informed of the negotiations.

These sources said Chancellor Stresemann first attempted to get the French Minister to transmit the proposal, but he refused when he learned that Germany attached conditions, declaring that Premier Poincare repeatedly said only unconditional surrender would suffice.

Stresemann then approached the Belgian Minister, who agreed to transmit the offer, which the German reactionary groups claim amounts to practically complete capitulation.

The French Minister, in refusing to transmit the proposal pointed out that Poincare repeatedly has stated that only unconditional surrender will suffice, hence the German proposal, offering abandonment of passive resistance in the Ruhr on the condition that expelled German citizens should be allowed to return to their homes and those in prison be released, could not be acceptable.

SHEEDER BUSY AT FIRE WHILE ELECTION WAS ON

Norristown, Pa., Sept. 21.—Although he was a main target of opposition from anti-organization Republicans, Recorder of Deeds B. Paul Sheeder, candidate for re-nomination, was not too busy electioneering Tuesday afternoon to perform his duties as fireman.

Sheeder is one of the drivers of the Empire Company, of Potomac, and was at the firehouse, the polling place of his home ward, when the alarm struck. He piloted the chemical apparatus to the fire, abandoning the vote-getting business temporarily.

"You'll lose some votes," some one suggested.

"Can't help it," replied Sheeder. "I've got to put out the fires and get the votes later."

Ben Sheeder is a former Clearfielder and a brother of W. P. Sheeder, the music dealer. He was re-nominated.

MARCELLI-HEBDEEN

At six o'clock Thursday in the Presbyterian Manse Mr. Peter Marcelli of Osceola Mills, and Miss Ruth Hebdeen of New Liberty, were married by Dr. E. C. Reeve. The

Married couple will reside in Osceola Mills.

Her Reason.

A woman advertised for a caretaker for her town home, and after interviewing a large number of applicants found one that suited her. "Thanks for giving me the job," said the man. "I want to ask you a question? You started in the ad that you wanted a married man. Does that mean you have some work in view for my wife?" "Oh, no," replied the woman. "I wanted a married man so as to be sure I got some one used to taking orders from a woman."

Curwensville's Own Column

The case brought by M. L. McAtee of Lawrence township, against five young men on the charge of dismantling and carrying away a certain portion of his automobile, was amicably settled in Justice Dale's court the other evening, the young men agreeing to pay all damages, amounting in a sum exceeding \$125 and return the wheel and other accessories stripped from the machine and carried away.

The road grading on the State Highway between Curwensville and Grampian has been completed and the crews paid off and departed for their various homes. Now all that remains to be done is the balance of the concrete to be laid and the bridge spanning the creek at Bridgeport, and then swa on an unobstructed roadway clear through to the lakes.

Miss Sarah Doran, of Pittsburgh, is visiting with Mr. and Mrs. Tom Davidson, state street.

David R. Fleming laid all mercantile cases aside yesterday and boarded a train for Harrisburg, ostensibly, but Madam rumor hath it that the big lap of his journey will land him at Buffalo.

Curwensville lodge K. of P. had a busy and interesting session last evening for an hour or so. A class of half a dozen Page degree fellows were made Esquires. A party of Glen Rieley brethren were in attendance. D. D. W. Young being among the number.

Bigler Reed, of Cleveland, O., is the guest of his sister, Mrs. Wilbur Wall, on McNaui street, for the present.

William Harley entertained a number of his young friends and companions at the home of his parents on McNaui street Wednesday evening.

Mr. and Mrs. J. C. Carpenter, former residents of Curwensville, arrived yesterday morning and are stopping at the Park House. Mr. Carpenter having conducted that hostelry as its owner for several years. For the past six months these good people have been putting in their time between Atlantic City and Philadelphia.

George Reed of Los Angeles, Cal., surprised his parents, Mr. and Mrs. V. M. Reed at their home on North Pine street, by dropping in yesterday morning. This is his first visit to the old Keystone State for twelve years. Prior to his migrating to the Coast he served a three year term in a U. S. cavalry regiment, and after his discharge enlisted for a term in the service of the State Constabulary. He served on the Los Angeles police force for several years. George has a good many old friends yet residing in Curwensville who will be pleased to give him a hearty hand a hearty grip of welcome.

Next Monday Misses Gretchen Leib and Jane Teats will depart for Grove City College to once again take up their studies where they left off at the holiday season.

The rain of yesterday spoiled a day

of leisure and sight seeing for Curwensville people who had arranged to attend the Grampian fair, it being who did take a chance, returned who did take da chance, returned home claiming that Grampian people certainly have the faculty of entertaining visitors.

The party who stole the tire off Gilbert Casey's car last night is known. Return at once or you will be dealt with according to law. 9/21/28 ch

ENTERTAINED CLUB MEMBERS

Grant Butler entertained twelve members of Welder Outing Club at the club house on the mountain near Kennedy Park last evening. The majority portion of the entertainment was provided by means of a chicken dinner, which was prepared in fine style by Jordans. Butler was paying a bet, and it wasn't an election bet either.

RACES AT ALTOONA
ON SATURDAY, SEPT. 29.

Harry C. Gibson, of Philadelphia, most widely known Auto Race promoter of the east, has arranged to hold the Pennsylvania 1923 dirt track championship races in Altoona on Saturday, Sept. 29th.

Automobile fans of this section will have an opportunity of seeing the state's best in a gruelling contest of championship honors.

A match race is being arranged between winners of the most firsts during the 1923 season, and this race will see at least two Altoona men facing the starter in this event.

This is the first time a state championship meet has ever been held in the Altoona section and at these events a ways attract big crowds of auto enthusiasts ever seen on the local fair grounds at an auto race will turn out to see the state's best drivers and to boost for Altoona's local men.

French Calcium Carbide, the dust settler will be used on the track, and thus the unpleasantness of flying dust will be eliminated.

Posters of the big autumn meet are now being placed covering a radius of two hundred miles from Altoona, and hundreds of out-of-town fans will attend the races. Adv.

CALAPA-FAMA

Miss Fama and Samuel Calapa, two well known young people of this place, were united in marriage at 8 o'clock Thursday morning at the Catholic church, Rev. Father M. A. Ryan officiating.

They were attended by Miss Millie Fama, sister of the bride, as bridesmaid, and Anthony Calapa of Johnstown, who acted as groomsmen. A number of friends and relatives were present.

After the ceremony, they repaired to the home of the bride's parents where a sumptuous wedding dinner was served, at which a large number of guests were present.

They will make their home here and their many friends and acquaintances extend their congratulations and well wishes for a happy and most successful journey through life.

DR. AND MRS. QUIGLEY
ENTERTAIN

Dr. and Mrs. J. M. Quigley and family entertained eighteen of their friends at their home on Dorsey street Thursday evening, September 20th. A very pleasant evening was had by all. Elegant refreshments were served.

The evening was featured by dancing, singing and music. A fine exhibition of classic dancing was furnished by Frank Curran of Philadelphia and Miss Dorothy Steele, of Pittsburgh.

GOSHEN CLUB MEMBERS
ENTERTAIN

The members of the Goshen Hunting Club entertained their wives and families at a fine chicken dance, served at the club house last evening.

THE CHALLENGE TO ALL

A worse menace than that for which we went to war now confronts us at home:

Indifference to law, the daily making of thieves and murderers, the breaking down of our social structure, license not liberty, indifference to economy, carelessness, not security.

Every young woman in war time, with tremendous zeal, helped the struggle. Her patriotism is needed now even more than then.

Millions were subscribed by our business men to win the war. Long hours of work were given with \$1.00 a year as the sole monetary reward for the most intense service. But we are now menaced at home, and a like devotion and a like labor are needed if life is to be at all worth living. The law of the jungle is replacing the laws of sanity and reason. The health, the morals, the very life and liberty of all are at stake.

Real patriotism is sincere service for the good of our country, which means service to fellow citizens more than to ourselves.

Every man and woman of influence in this country, for sheer safety's sake, must enlist their greatest efforts to uphold the law and solve the vexing problem.

Our people gave up thousands and millions to help Europe. Will they give up "a drink" for America? Society young women and matrons who see no wrong in a glass of wine or a cocktail ought to see that while the Eighteenth Amendment stands in our Constitution they are paying too great a price for the privilege of any alcoholic beverage. This is a time for the practice of true patriotism, to uphold our vital laws, to make sacrifices if need be for the good of all.

It is the duty of everyone to know the extent of the law's violations now and the pernicious effects and to give every ounce of energy to help save America from itself.

Your New Car

You are proud of your new car.

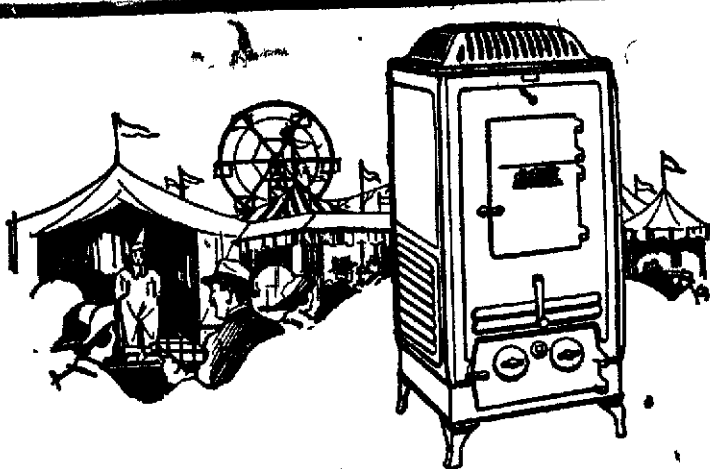

It's Alive With Power.

But the first 1,000 miles is the most critical period of its life. Until the moving parts are fully adjusted to each other—until the car has "found itself"—it needs constant watching.

Bring your car to our garage occasionally during its first 1,000 miles, and let us look it over. We may save you serious trouble later on.

Correct Lubrication is an important factor. The correct grade of Gargoyle Mobiloids in your crank case will be your best protection during the first 1,000 miles—and every mile thereafter.

WHICH DID SHE LOVE?

One lover was a noble aristocrat, young, handsome; her rescuer and protector. Another was a giant leader of the People during the French Revolution. No More Peters.

There are more churches dedicated to St. Peter than to any other saint. But there has never been a Pope Peter! The custom, according to which Popes change their Christian names on their elevation, was introduced in A. D. 884 by Peter di Porca. He felt that it would be presumptuous to have himself styled Peter the Second, so he took the name of Sergius the Second. Following in the same line of sentiment, no Pope has ever retained or assumed the name of Peter.

Who Eros Was.

In classic mythology Eros is the Greek name of the deity termed Cupido or Amor by the Romans. He was the son of Mars and Venus, and was generally represented with golden wings, and armed with a quiver of arrows, which he shot into the bosoms of those gods and men that he would inflame with the passion of love. He was the constant companion of his mother, and was often represented blindfolded. Previous to the time of Alexander the Great Eros was conceived as a beautiful youth; but in later times the poets describe him as a winged boy from whose cruel sports neither gods nor men were safe.

Potato and Adam.

In England the first efforts to promote the cultivation of the potato were suspected to be a conspiracy of capitalists to oppress the poor. The labor leader, William Corbett, said: "Working men ought not to be induced to live on such 'cattle food.'" In 1725 an attempt was made to introduce potatoes into Scotland, but they were denounced from the pulpit on two contradictory counts, that they were not mentioned in the Bible, and not for the Christians, and that they were the forbidden fruit, the cause of Adam's fall. They were accused of causing leprosy and fever.

Acquirement of Culture.

Culture can be acquired without the taste for it? Many think that children can grow up cultured simply through environment.

YOU CAN QUICKLY LIMBER UP SORE, STIFF, SOLLEN JOINTS

Even Chronic Rheumatic Swellings in Knee, Elbow, Shoulder or Finger Joints Yield to the Mighty, Powerful Influence of JOINT-EASE.

It's here, right in town and every

five druggist has it.

It's a low price remedy, to be sure, but that doesn't stop it from taking the lumps, lameness or torture out of your troubled joints.

Joint-Ease is the name, as called because it is compounded solely for the purpose of relieving all joint ailments.

Just rub it on the tormented, lame joints and in just a few moments, it

will penetrate to the bone and blessed comfort comes quickly.

It absorbs instantly and is so clean and stainless that you can rub it on often and get thereby, results much more quickly, when the joint is inflamed and the agony intense.

Being such a powerful counter-irritant, it cannot help bringing speedy and helpful results in congestion, sore throat, chest colds, lumbago and neuralgia much quicker than almost any remedy you can buy.

But you must remember that it is for joint afflictions that it is mostly dispensed and its helpfulness will astonish you after all ordinary liniments and other treatments have failed.

Warfield Dairy Co.

Why not settle, once and for all, this question of Correct Lubrication for your Ford?

Your Ford instruction book (Answer No. 100) says:—

"We recommend only light high-grade gas engine oil. . . Heavy and inferior oils have a tendency to carbonize quickly; also 'gum up' the piston rings, valve stems and bearings."

LET us show you exactly why your Ford engine operates best on a clean-burning oil, such as Gargoyle Mobiloil "E." First, you pour in the oil. Your Ford manual tells you to open the top pet-cock on the oil reservoir, and to pour oil into the filler until it runs from this top pet-cock.

Suppose you pour in an oil heavier than "E." It is easy to supply too much, unless the oil flows out freely when the upper pet-cock level is reached. Heavier-bodied oils flow sluggishly. Consequently there is a danger of over-supply.

(POINT 1)
When you pour in Gargoyle Mobiloil "E," it runs out at once when the oil is up to the pet-cock level. The correct oil level is obtained with CERTAINTY.

But possibly you do not think that this over-supply of oil makes any difference. Well, let us see what happens.

You notice that there is no splash trough for the rear cylinder. It is lubricated by the fly-wheel splash. (The third cylinder also receives some of this splash.)

If there is too much oil in the reservoir there will be too much oil splashed to the third and fourth cylinders. From the cylinder

walls this excessive amount of oil reaches the combustion chambers where it is burned up. With an over-supply of oil heavier than "E," don't be surprised if you find extra heavy carbon deposits in these rear cylinders.

(POINT 2)
The exceptionally clean-burning character of Gargoyle Mobiloil "E" minimizes the tendency toward carbon formation in the combustion chambers.

Next let us look at the connecting rods and splash troughs. Cylinders 1, 2 and 3 are lubricated by the dipping of the connecting rods into the troughs underneath. Remember that these connecting rods have no oil holes, no oil grooves, no dippers. To lubricate the friction surfaces the oil must work its way through the close clearances between the ends of the bearings and the crank cheeks, and then distribute itself over the bearing surfaces.

(POINT 3)
Gargoyle Mobiloil "E" is sufficiently fluid to reach and lubricate these surfaces with ease. An incorrect or heavier oil very often does not.

Next, let us consider the pistons. The Ford pistons over-run the top of the cylinder bore.

Consequently, any oil carried up by the piston rings is forced into the valve chambers. A heavy oil does not burn up readily, but remains to gum the valves.

(POINT 4)
Gargoyle Mobiloil "E," being a clean-burning oil, is readily consumed and expelled. It does not remain to gum the valves, seats, and stems.

The Ford multiple disc clutch runs "wet" is continually in a spray of engine oil. All manufacturers of this type of clutch recommend an oil which will give positive, quick engagement with no slipping, and an instantaneous release.

Heavier oils used in Ford engines cause a drag between the clutch plates. "Creeping" is the result. The car starts ahead when the engine starts, although the clutch is released.

(POINT 5)
Gargoyle Mobiloil "E" gives positive and immediate clutch engagement and disengagement. There is no "creeping."

Just a word about the transmission. In the Ford you have a Planetary transmission employing three close-fitting sleeves, mounted on an extension of the crank-shaft. A heavy-bodied oil is not well adapted to work into and thoroughly lubricate the sleeves and bearings.

(POINT 6)
The body and character of Gargoyle Mobiloil "E" enable it to distribute thoroughly and meet this lubrication need perfectly.

As to the transmission gears: There are three sets of triple gears mounted on close-fitting pivots. These gears are bronze bushed. The bearings fit tightly—in fact, so tightly that oil heavier than "E" is handicapped in working into and correctly lubricating the bushings and pins.

(POINT 7)
Gargoyle Mobiloil "E" is of such body that it freely creeps in between the close-fitting parts and thoroughly lubricates the gears and bearings.

Chattering of Ford transmission bands comes from incorrectly adjusted bands or worn out linings, and is aggravated by unburned fuel mixed with the lubricating oil. In such cases the diluted oil should be replaced with fresh oil and the bands correctly adjusted or the linings renewed. To attempt to remedy such mechanical conditions by the use of so-called "anti-chattering oils" containing foreign material which may separate, or lard oil, wool grease or other animal fats which decompose under heat, is obviously wrong and likely to cause gumming of the valve stems, carbon deposit and other troubles.

(POINT 8)
Gargoyle Mobiloil "E" is free from foreign material and animal fat. Its use and proper attention to the adjustment and renewal of the bands will give the greatest freedom from chattering. At the same time it will correctly lubricate the engine.

This concludes our trip through the Ford lubrication system.

AFTER careful consideration of the above Ford characteristics the Vacuum Oil Company's Board of Engineers saw plainly the need for a free-flowing oil of high quality and with minimum carbonizing tendencies.

To meet these exacting needs of the Ford engine, clutch, and transmission, Gargoyle Mobiloil "E" is manufactured.

The results secured by Ford owners through the use of Gargoyle Mobiloil "E" are ample proof of the high quality of this oil and the correctness of this recommendation.

Put Gargoyle Mobiloil "E" in your Ford today.

FAIR RETAIL PRICE
—30c A QUART

When the dealer sells a quart of Gargoyle Mobiloil for less than 30c, he does not make his fair, reasonable profit. Lower prices often accompany substitution of low quality oil for genuine Gargoyle Mobiloil. Prices are slightly higher in Canada, the South-west, and the Far West.

Prevents Wear.
One woman's silk stockings used to wear out on the sides of the feet over the joints before they were out elsewhere. Now, before she wears a new pair, she rips the seams on the soles for an inch along the balls of the feet, spreads and fills in the rips with a neat darning. This gives more life over the joints and prevents wear there.

COMMISSIONER'S NOTICE
In the Court of Common Pleas of Clearfield County, Pa.
(Vincenzo Millecco vs. Mary Millecco, et al.)
September Term, 1923. Subpoena in divorce.
To Mary Millecco, the above named Respondent,
Madam:
You are hereby notified that the undersigned Commissioner, appointed by the Court to take the testimony in the above entitled case, and report the same, with form of decree, to the Court, will meet the parties interested for the purpose of his appointment at his office in Clearfield, Pa., on Monday, October 22nd, 1923, at two o'clock in the afternoon of said day, when and where all parties will be fully heard, and when and where you may appear if you see proper.
Yours respectfully,
WILLIAM I. SWOPE
Commissioner
Clearfield, Pa., Sept. 18th, 1923.

Three Ways to Wealth.
There seem to be but three ways for a nation to acquire wealth: the first is by war, as the Romans did, in plundering their conquered neighbors—this is robbery; the second by commerce, which is, generally cheating; the third by agriculture, the only honest way, wherein man receives a real increase of the seed thrown into the ground, in a kind of continual miracle, wrought by the hand of God in his favor, as a reward for his innocent life and his virtuous industry.—Franklin.

Huge Pocket Knife.
A most elaborate pocket knife, the most costly in the world, has recently been made in Sheffield, England. It took the maker two years to make this unique knife which has 75 blades. Each blade is of the finest steel and some of them are ornamented with quaint and curious designs.

Regular Prize Winner.
My early years were throughout handicapped by scholastic distinction. I became a regular prize-winner at every school to which I was sent. I only mention this because I am now so firmly convinced that the "examining" form of education merely teaches a boy to rate intellectual achievements above character building.—Gilbert Frankau.

Tom Sims SAYS—
Burr th dead leaves this fall. Never sell them to cigar makers. Most women can take hints if they are beauty hints. Nights are so long now you can get home before daylight. Decatur (Ala.) boy of eight months lifts himself by one hand so Dempsey may lose his title yet. Monroe (Mich.) man drove his auto into the jail so the cops asked him to please stay a while. Millionaire is driving a taxi in Chicago. Takes more than one million to satisfy some people. Working for a fixed salary would be so much nicer if the boss would let you do the fixing. More college boys would pass their examinations if reading in bed didn't hurt their eyes. Don't help your son get his arithmetic problems. It isn't right. About half the time it isn't. Never mistake a hunting license for a permit to hunt trouble. New York man shot himself as his wife prepared luncheon. Why will these women make salads? Indiana janitor skipped out with the firm's money. They say this was the best he ever cleaned up. You don't hear as much about the banana shortage as you did. Never bellow like a cow while out hunting. Some hunter may take you for a cow and shoot you.

ARFIELD COUNTY MARINE ON MANEUVERS

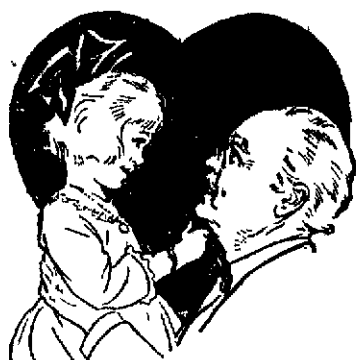

shington, Sept. 21.—Marching through the hills of Virginia with the Coast Expeditionary Force of J. S. Marine Corps, William J. Williams, formerly of Tyler, Clearfield county, is now taking part in a maneuver, which began at 27 and will not be completed October 7, when the force returns to its base at Quantico, near Washington.

By unusual features are being put out in connection with the maneuver, including visits to the war battlefields at Waynesboro, east of New Market. At this place an historic spectacle of battle of New Market is being staged by the Marines in conjunction with the cadets of the Virginia Military Institute. Football and basketball games, and picture athletic features alternate with military marches and battle scenes.

Marine are following a circuit all the way to Washington, in the Shenandoah Valley and will return over the same way of Washington. The entire journey being over 200 miles.

about October 6, where another football game and a great military spectacle is scheduled to take place before the force returns to Quantico.

Williams is a son of Mr. William Williams of Tyler, and he joined the Marine Corps at New York City last December. He is now attached to the Aviation Force. More than 150 Marines from Pennsylvania are taking part in the maneuvers.

**Vigorous Old Age**

WHY separate youth and old age with a deep and ever-widening abyss?

The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholesomeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care free time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well being—of a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it. The large size is the more economical.

S.S.S. Makes You Feel Like Yourself Again.

Miss Alice Murray of Carversville was a Clearfield caller last evening.

H. B. Fulford transacted business in Winburne today.

Mr. and Mrs. W. L. Dethloff left last evening for a visit and business trip to Philadelphia and New York.

Mrs. Fred B. Reed entertained her bridge club this afternoon at her home on Old Town road.

Lebanon, Pa. — "Some time ago I was in a nervous, run-down condition. I also suffered with bearing sensations and pains. I was so greatly strengthened and benefited by the first bottle of Dr. Pierce's Favorite Prescription that I took another, and have been stronger ever since, with no more disagreeable sensations. As a tonic and nerve for women who are ailing, Dr. Pierce's Favorite Prescription would be hard to beat. I would certainly take it again if I should become in a run-down state." Mrs. Wm. Sipe, 1112 Burtonwood St. Ask your neighbor about this "Prescription" which has sold for over 50 years. Obtain it now in tablets or liquid from druggist.

WOMAN DIES AS RESULT OF INJURIES

Mrs. Luisa Burns, the aged woman
who was struck by a passenger train
at the Brady street crossing of the
B. & P. railroad, at DuBois, on
Wednesday afternoon, died yesterday
morning at the DuBois hospital at
10.15 o'clock, death coming as a re-
sult of the injuries suffered and the
shock. The remains were taken to
the home of her sister, Mrs. VanCise,
of Sabla. The funeral will probably
be held on Saturday.

AUTO WRECKED ON TURNPIKE

The Nash car of Guy Shaw, of West
Side, which was being driven by an
employee of the Zeigler Garage, in at-
tempting to avoid another car at the
corner of Turnpike avenue and Nich-
ols street, skidded on the slippery
brick street about 4 o'clock yesterday
afternoon and mounting the curb
snapped an H. & C. Telephone Co.
pole off at the ground.
The front end of the machine was
badly damaged but nobody was hurt.

the home of her sister, Mrs. VanCise,
of Sabla. The funeral will probably
be held on Saturday.

AUTO WRECKED ON TURNPIKE

The Nash car of Guy Shaw, of West
Side, which was being driven by an
employee of the Zeigler Garage, in at-
tempting to avoid another car at the
corner of Turnpike avenue and Nich-
ols street, skidded on the slippery
brick street about 4 o'clock yesterday
afternoon and mounting the curb
snapped an H. & C. Telephone Co.
pole off at the ground.
The front end of the machine was
badly damaged but nobody was hurt.

Does Your Child See Clean Bright World

Five million children in this country are hap-
pily capped by imperfect vision.

Children can't tell you about it because the
rever seen through any eyes but their own.

How can you be sure your child is not thus
ably handicapped? All his grown-up years
depend upon your action now.
